

---

**Let the Legal Action Center help create and update your agency's HIV confidentiality policies and procedures.**

---

We have just revised our popular [Model HIV Confidentiality Policies & Procedures for HIV/AIDS Services Providers in New York State](#).

- Check out the new section about protecting confidentiality when staff work offsite with mobile devices and other forms of remote access.
- The new version also incorporates the April 2014 changes to Article 27-F.

We also just updated our go-to resource, [HIV/AIDS Testing, Confidentiality & Discrimination: What You Need to Know About New York Law](#).

For even more customized legal advice, call our attorney hotline for free advice about HIV confidentiality, testing & discrimination issues.

And please circulate to your clients and staff [our flier](#) about our free legal services for clients. Thank you!

For more information: Call LAC at [\(212\) 243-1313](tel:2122431313); Visit the website at [www.lac.org](http://www.lac.org); and
